

## Project Dissemination Unit

## Objectives

The Project Dissemination Unit within the Research, Support and Technology Transfer and Dissemination Area aims to ensure the visibility of relevant BSC project results by:

- Working with research staff to disseminate all relevant BSC research project-related activities and results
- Leading the dissemination activities in projects coordinated by BSC
- Contributing to project proposals

The unit carries out communication actions targeting various audiences, including the scientific community, industry and the general public; and it works closely with BSC's Technology Transfer Office to help ensure that BSC's scientific results are exploited.
