3rd Training Workshop: Evaluation (EoCoE, PoP, with support from PRACE)

Objectives

In a joint effort, the two centres of excellence **EoCoE** and **PoP** will once again hold a hands-on workshop on HPC benchmarking and performance analysis. It is the third event of its kind and will be held at BSC in Barcelona and is supported by the **French PATC** and the **Spanish PATC.**

Following a proven concept it will bring together experts from topical fields in energy research and tools experts from HPC science in order to tackle the transition of current R&D codes and applications towards exascale.

Topics include the setup and use of state-of-the-art HPC tools for benchmarking and performance analysis and comprises intensive training for code developers.
