About BSC

The Barcelona Supercomputing Center - Centro Nacional de Supercomputación (BSC-CNS) is the leading supercomputing center in Spain. It houses MareNostrum, one of the most powerful supercomputers in Europe, and is a hosting member of the PRACE European distributed supercomputing infrastructure. The mission of BSC is to research, develop and manage information technologies in order to facilitate scientific progress. BSC combines HPC service provision and R&D into both computer and computational science (life, earth and engineering sciences) under one roof, and currently has over 500 staff from 44 countries.

Context And Mission

Reporting to the BSC Technology Transfer Manager, the BSC technology transfer officer will facilitate the exploitation of BSC’s research results by transferring knowledge and technology developed at BSC to the market.

Key Duties

- Take part in EU projects lead by BSC in the role of Innovation Manager.
- Take part as expert in innovation and exploitation in EU project not lead by BSC.
• Help to identify BSC technology with commercial potential, including in EU projects.
• Protect BSC technology in the most appropriate way, including in EU projects.
• Promote and license BSC’s know-how and technology through agreements with companies and the foundation of spin-offs.
• Participate in project proposal preparation (IPR management, exploitation plan etc.).
• Responsibilities:
  1. Follow the development of exploitable technologies being developed in BSC projects, participate in project exploitation committees.
  2. Be familiar with all BSC IP and the ownership and exploitation conditions agreed in consortium agreements and contracts with companies.
  3. Maintain a database of IP in different areas with the conditions agreed in consortium agreements and contracts with companies.
  4. Maintain services catalogue with technologies with commercial potential.
  5. Act as an interface between researchers and patent lawyers/other partners for patent applications and management.
  6. Act as an interface between researchers and lawyers for start-up creation.
  7. Contribute to the Impact section of EU projects and proposals for technology transfer calls.

Requirements

• Education
  ○ Law, science or business degree preferred.
  ○ Master in innovation, IPR management or similar a plus.
  ○ Specialized courses on IPR management, exploitation of research results etc.

• Essential Knowledge and Professional Experience
  ○ Experience in IP management and project management and commercialization of technologies.
  ○ Knowledge of IT sector, especially Computer and Computational Sciences an advantage.
  ○ Experience in projects between non-profit research centers and private industry a plus.
  ○ Experience creating start-ups also a plus.

• Competences
  ○ Fluency in Spanish, Catalan and English is essential.
  ○ Excellent written and verbal communication skills.
  ○ Ability to take initiative, prioritize and work under set deadlines and pressure.
  ○ Willing to travel.

Conditions

• The position will be located at BSC within the Research Support, Transfer and Dissemination Department.
• We offer a full-time contract, a good working environment, a highly stimulating environment with state-of-the-art infrastructure, flexible hours, extensive training plan, tickets restaurant, private health insurance, fully support to the relocation procedures.
• Duration: Temporary
• Salary: we offer a competitive salary commensurate with the qualifications and experience of the candidate and according to the cost of living in Barcelona.
• Starting date: asap.
Applications Procedure

All applications must include:

- A motivation letter with a statement of interest, including two contacts for further references - COMPULSORY - Applications without this document will not be considered
- A full CV including contact details

Deadline

The vacancy will remain open until suitable candidate has been hired. Applications will be regularly reviewed and potential candidates will be contacted.

Diversity and Equal Opportunity Employment

BSC-CNS is an equal opportunity employer committed to diversity and inclusion.
