

10th RES Users'Conference & 5th HPC Advisory Council Spain Conference

The Spanish Supercomputing Network (RES), coordinated by the Barcelona Supercomputing Center (BSC), and the High Performance Computing Advisory Council, will hold the **5th HPC Advisory Council Spain Conference and the 10th RES Users'Conference on 20th & 21st September 2016**, in León (Spain).

The **HPC Advisory Council Spain Conference's** objective is to encourage an interactive exchange through keynote, panel, technical and sponsor sessions and addresses a range of interests, disciplines and topics such as: Ushering in the Exascale Era, Deep Learning, Machine Learning and Artificial Intelligence, Data Sciences and Big Data Acceleration ... and much more.

The **10th RES Users'Conference** will inform on the available resources and services, as well as the request method and review procedure, to disseminate the results obtained using the RES supercomputing facilities, and to offer a discussion forum between the users, the CURES and the RES coordination. Moreover it will share the experience of PRACE (Partnership for Advanced Computing in Europe) users and how to request access to those european infrastructures.

REGISTRATION IS CLOSED
