

Accelerating an Application Domain with Specialized Functional Units

URL: <http://doi.acm.org/10.1145/2555289.2555303>

Authors: [González-Álvarez, Cecilia](#) / [Sartor, Jennifer](#) / [Álvarez, Carlos](#) / [Jiménez-González, Daniel](#) / [Eeckhout, Lieven](#)

Publication: ACM Transactions on Architecture and Code Optimization

Place Published: New York, NY, USA

Volume / Number / Pagination: 10 / 4 / 47:1?47:25

Paraules clau: [acceleration](#), [application-specific](#), [canonical representation](#), [Customization](#), [domain-specific](#), [specialized functional unit](#)
