

Analyzing Data-Error Propagation Effects in High-Performance Computing

URL: <http://ieeexplore.ieee.org/document/7445369/>

Authors: [Utrera, Gladys](#) / [Gil, Marisa](#) / [Martorell, Xavier](#)

Research Lines: [Message Passing Interface \(MPI\)](#) / [Numerical Methods](#)

Publication: 2016 24th Euromicro International Conference on Parallel, Distributed, and Network-Based Processing (PDP)

Place Published: Heraklion, Crete, Greece

Pagination: 418 - 421

Paraules clau: [Data models](#), [Data structures](#), [Image color analysis](#), [message passing](#), [Predictive models](#), [Programming](#), [Runtime](#)

Barcelona Supercomputing Center - Centro Nacional de Supercomputación
