

Aromatic stacking interactions govern catalysis in aryl-alcohol oxidase

URL: <http://dx.doi.org/10.1111/febs.13221>

Authors: [Ferreira, Patricia](#) / [Hernández-Ortega, Aitor](#) / [Lucas, Fátima](#) / [Carro, Juan](#) / [Herguedas, Beatriz](#) / [Borrelli, Kenneth](#) / [Guallar, Victor](#) / [Martínez, Angel](#) / [Medina, Milagros](#)

Publication: FEBS Journal

Pagination: 3091-3106

Paraules clau: [aromatic stacking](#), [aryl-alcohol oxidase](#), [catalytic mechanism](#), [GMC oxidoreductases](#), [steady-state and pre-steady state kinetics](#)
