

Improving OpenStack Swift interaction with the I/O Stack to enable Software Defined Storage

Authors: [Nou, Ramon](#) / [Miranda, Alberto](#) / [Siquier, Marc](#) / [Cortes, Toni](#)

Research Lines: [High-performance IO and storage](#)

Publication: The 7th IEEE International Symposium on Cloud and Service Computing

Place Published: Kanazawa, Japan

Paraules clau: [IOSTACK](#), [SDS](#), [Swift](#)

Barcelona Supercomputing Center - Centro Nacional de Supercomputación
