

MPI+OpenMP tasking scalability for multi-morphology simulations of the human brain

URL: <https://www.sciencedirect.com/science/article/pii/S016781911830317X>

Authors: [Valero-Lara, Pedro](#) / [Pena, Antonio](#) / [Labarta, Jesús](#) / [Sirvent, Raul](#)

Research Lines: [Message Passing Interface \(MPI\)](#)

Publication: Parallel Computing

Volume / Pagination: 84 / 50-61

Paraules clau: [MPI](#), [OpenMP](#), [Tasking Simulation](#), [Human Brain](#), [Human brain project](#)
