

PyCOMPSs: Parallel computational workflows in python

URL: <http://journals.sagepub.com/doi/abs/10.1177/1094342015594678>

Authors: [Tejedor, Enric](#) / [Becerra, Yolanda](#) / [Alomar, Guillem](#) / [Queralt, Anna](#) / [Badia, Rosa](#) / [Torres, Jordi](#) / [Cortes, Toni](#) / [Labarta, Jesús](#)

Research Lines: [Distributed Object Management](#) / [Towards complex and intelligent workflow programming for Distributed Computing](#)

Publication: The International Journal of High Performance Computing Applications

Place Published: SAGE Publications Sage UK: London, England

Volume / Number / Pagination: 31 / 1 / 66-82

Paraules clau: [Parallel Programming](#), [Python](#), [task-based programming](#)
