

TunaOil: A Tuning Algorithm Strategy for Reservoir Simulation Workloads

URL: <https://www.sciencedirect.com/science/article/pii/S1877750322001806>

Authors: [Portella, Felipe](#) / [Buchaca, David](#) / [Rodrigues, José](#) / [Berral, Josep Lluís](#)

Research Lines: [Applied Learning Methods](#) / [Data-Centric Architectures](#)

Publication: Journal of Computational Science

Place Published: Elsevier

Paraules clau: [Machine Learning](#), [Parameter Tuning](#), [performance model](#), [Petroleum Reservoirs](#), [Reservoir Simulation](#)
