---

## [Volcanic ash modeling with the on-line NMMB-MONARCH-ASH model: model description, applications, and quantification of off-line modeling errors.](#)

**URL:** <http://www.nemoh-itn.eu/flipbook/index.html#p=6>

**Authors:** [Martí, Alejandro](#)

**Research Lines:** [Atmospheric Impact Services](#) / [Volcanic ash](#)

**Publication:** Numerical, Experimental and Stochastic Modeling of Volcanic Processes and Volcanic Hazards

**Place Published:** <http://www.nemoh-itn.eu/flipbook/index.html#p=6>

**Pagination:** 305-331

**Paraules clau:** [error quantification.](#), [natural hazards](#), [NMMB-MONARCH-ASH](#), [numerical modeling](#), [operational forecast](#), [volcanic ash transport](#)
