

Meeting: Requesting Access to RES and PRACE

Objectives

Attendees were able to know which are the access methods to RES and PRACE infrastructure and which help can be provided by BSC-CNS so as they could prepare the best possible its applications.

On Tuesday December 13, 2011 was held in the framework of the Spanish Supercomputing Network (RES), a users' meeting in which BSC-CNS provided information and answered questions on how to request access to supercomputing resources available through the RES and the European project Partnership for Advanced Computing in Europe (PRACE).
