Cytochrome P450CAM enzymatic catalysis cycle: a quantum mechanics/molecular mechanics study.

Authors: [Guallar, Victor](#) / [Friesner, Richard](#)

Publication: Journal of the American Chemical Society

Volume / Pagination: 126 / 8501-8

Palabras clave: [Camphor](#), [Camphor 5-Monooxygenase](#), [Catalysis](#), [Ferric Compounds](#), [Hydroxylation](#), [Models](#), [Molecular](#), [Quantum Theory](#), [Superoxides](#)
