

Fault Tolerance in Multicore Clusters. Techniques to Balance Performance and Dependability

URL: <http://sedici.unlp.edu.ar/handle/10915/52386>

Authors: [Meyer, Hugo](#) / [Rexachs, Dolores](#)

Research Lines: [Message Passing Interface \(MPI\)](#) / [Resilient architecture and runtimes](#)

Publication: Journal of Computer Science & Technology

Volume / Number / Pagination: 16 / 1 / 59-60

Palabras clave: [parallel computing](#), [fault tolerance](#)

Barcelona Supercomputing Center - Centro Nacional de Supercomputación
