

## **Fog Function Virtualization: a Flexible Solution for IoT Applications**

**Authors:** [Roca, Damian](#) / [Quiroga, Josue](#) / [Nemirovsky, Mario](#) / [Valero, Mateo](#)

**Research Lines:** [Fog Computing](#) / [Internet of Things \(IoT\) architectures](#)

**Publication:** The 2nd International Conference on Fog and Mobile Edge Computing (FMEC 2017)

**Place Published:** IEEE

**Palabras clave:** [Fog Computing](#), [Internet of Things](#)

Barcelona Supercomputing Center - Centro Nacional de Supercomputación
