

Fog Function Virtualization: a Flexible Solution for IoT Applications

Authors: [Roca, Damian](#) / [Quiroga, Josue](#) / [Nemirovsky, Mario](#) / [Valero, Mateo](#)

Research Lines: [Fog Computing](#) / [Internet of Things \(IoT\) architectures](#)

Publication: The 2nd International Conference on Fog and Mobile Edge Computing (FMEC 2017)

Place Published: IEEE

Palabras clave: [Fog Computing](#), [Internet of Things](#)

Barcelona Supercomputing Center - Centro Nacional de Supercomputación
