NAFlex: a web server for the study of nucleic acid flexibility.

Authors: [Hospital, Adam](#) / [Faustino, Ignacio](#) / [Collepardo-Guevara, Rosana](#) / [González, Carlos](#) / [Gelpí, Josep Lluís](#) / [Orozco, Modesto](#)

Publication: Nucleic acids research

Volume / Pagination: 41 / W47-55

Palabras clave: [DNA](#), [DNA-Binding Proteins](#), [Humans](#), [Internet](#), [Mitochondrial Proteins](#), [Molecular Dynamics Simulation](#), [Nucleic Acid Conformation](#), [Sequence Analysis, DNA](#), [Sequence Analysis, RNA](#), [Software](#), [Transcription Factors](#)

Barcelona Supercomputing Center - Centro Nacional de Supercomputación
