

## **Towards On-Demand I/O Forwarding in HPC Platforms**

**URL:** <https://ieeexplore.ieee.org/document/9307161>

**Authors:** [Bez, Jean](#) / [Boito, Francieli](#) / [Miranda, Alberto](#) / [Nou, Ramon](#) / [Cortes, Toni](#) / [Navaux, Philippe](#)

**Research Lines:** [High-performance IO and storage](#)

**Publication:** 2020 IEEE/ACM Fifth International Parallel Data Systems Workshop (PDSW)

**Pagination:** 7-14

**Palabras clave:** [supercomputers](#), [Hardware](#), [Bandwidth](#), [Random access memory](#), [Program processors](#), [Message systems](#), [Layout](#), [I/O forwarding](#), [reconfiguration](#), [supercomputer](#)

Barcelona Supercomputing Center - Centro Nacional de Supercomputación
