Public Tenders

Through this space you can exercise your right of access to the Consortium’s information, services and electronic processes.

Contractor profile

In this section you can find information on open tenders and contracts in progress linked with the consortium’s activity; through the Public Sector Public Procurement Service Platform. The Public Contracts Platform is a hub where information on contracts can be exchanged and serves as a virtual meeting point between Public contractors and bidders. See related access information on contracts at contrataciondelestado.es
