BSC-CNS in Numbers

Research
Technology Transfer

- 43 Research groups
- 5 ERC Projects in progress
- 7 ICREA researchers
- 71 Researchers with personal scholarship
- 80 Projects in progress
- 31 Projects begun in 2017
- 171 Articles in peer-reviewed journals
- 93 Articles in conference proceedings
- 234 Open access publications
- 66 Events organized
- 2 Conferences
- 5 Workshops
- 24 Other events
Supercomputing

- 549.8 million hours used
- 81.2% capacity use
- Processor hours available: 677.2 million
- PRACE - 106 projects: 80%
- RES - 163 activities: 16%
- BSC - 226 researchers: 4%
- 756 users to whom we provided support
- 916 researchers to whom we provided training

People

- Total: 529
- Scientific personnel: 396
  - Earth Sciences: 66
  - Life Sciences: 54
  - Computer Sciences: 194
  - Applications in Science and Engineering: 82
- Collaborators: 43
- Support and administrative personnel: 26
